

ZD400 Series Product Environmental Attributes

Putting Sustainability at the Heart of Our Products

When it comes to creating sustainable products, Zebra is committed. From company-wide global initiatives to the end-to-end product life cycle from manufacturing to retirement, our green initiatives protect the planet—and the people who make and use our products.

Eco-friendly attributes²

- No mercury
- No PFO/PFOAs
- No Latex
- Compliant with global RoHS requirements

Power consumption

- The maximum output of the new external power supply power is 40% less than its predecessor model¹
- The external power supplies meet US Department of Energy (DoE) Level VI and all international efficiency requirements

A-to-Z sustainable packaging

Our corrugated packaging is 100% curbside recyclable:

- Our packaging is 97.5% biodegradable by weight
- All of the paper inserts/in-box literature is Forest Stewardship Council (FSC) Certified
- The percentage of recycled content used in the manufacturing of the corrugated cartons is 50%
- The minimum percentage of recycled content used in the paper inserts is 50%, and all papers are non-bleached

Lower consumption of devices, accessories and batteries through maximized life cycles

Most carbon emissions occur in the raw material and manufacturing stages—the fewer devices you use, the more you reduce greenhouse gasses

- Five years of repair and technical support are planned for this product

Additional attributes and certifications

- ISO 14001 Environment Certification
- Waste Electrical and Electronic Equipment (WEEE)

Zebra's Circular Economy provides life-cycle management of products that reduce your overall carbon impact

Takeback Recycling Program

Zebra offers free recycling for selected end of life devices and will provide a certificate of destruction upon request. Conditions apply

Device Buy-Back Program

Your end of life devices may be eligible for a device buy-back, enabling a “green” upgrade to the next generation device

Battery Recycling Services

We offer a variety of options, depending on location, from convenient drop-off locations to complete a-to-z battery management, where Zebra handles it all for you. Conditions apply
